What we humans should review and deal with

Judging by the constant barrage in most of the media, people can be excused for being cynical and negative - but this only leads to looking on the dark side instead of seeing the light - even if it is at the end of the tunnel.

Looking at the positives, which I believe outweigh the negatives, particularly in Australia. Most of us get a FAIR GO, so instead of complaining what we are missing let us look at what we have - and appreciate it.

is adamant in its vision to encourage humanity to review its attitudes of those who are prejudiced and who stereotype and discriminate. This too often leads to conflict and violence.

Our Harmony Day Poster & Song Writing competitions have once again brought out wonderful Interpretations on the topic of "Growing Together in Harmony with over 3000 entries.

Our Harmony Walks in Blacktown & Campbelltown projected our visions clearly, by bringing diverse groups of people, together - getting to know each other better and taking away some of the fears of the unknown. Sean Chew was instrumental in providing extra manpower, time and effort in making it happen. In Campbelltown we were fortunate to have 'Good Morning

Our Moving Forward Together Team Macarthur' News Station creating an excellent video, which we can forward on request. The facility of the Campbelltown Athletic Centre was ideal for our event "The Moving Forward Together Festival -Harmony Walk for Unity". This pilot event connected to the local leaders with the opportunity to have a much larger event there in 2019. Our working relation with the NRL has gone from strength to strength incorporating the Harmony Walk into their "League in Harmony" program in 12 locations in 2018. I also like to acknowledge the dedicated effort of Yona Cass and a new volunteer, Val O'Çarroll.

Crowd gathering after the Campbelltown Harmony Walk for Unity Festival

Campbelltown Harmony Walk for Unity Festival

(18 November 2018)

The Harmony Walk for Unity
Festival was held in Campbelltown
on a bright sunny spring day at the
Campbelltown Athletic Centre. It was
a partnership between Moving Forward Together (MFT) Association,
the West Tiger and the NRL.

The Festival was a celebration of the cohesiveness of the multicultural Australian society. It served to motivate people to recognise and honour the richness and vibrance of our diverse community.

Master of Ceremonies (MC) for the day was Liz Deep Jones from SBS. Liz is a multi-media journalist, published author, producer and TV presenter, film maker and is currently working at NITV and SBS Television.

Liz started the proceedings by acknowledging the traditional custodians of the land in which the Walk was going to be held; the Dharawal people. Her introduction was followed by the Australian national anthem sung in English and the Dharawal language by Year 5 Student from Robert Townson Public School; Mariah Alone.

The entertainment program started with a performance by Jason Paolo, a Hawaiian tutor at the Matavai Cultural Arts Centre, who shared with his audience a traditional Hawaiian chant. He was followed by a performance of two young students singing their own songs; followed up by Mal Fruean demonstrating a Poi Dance. Mal was later on joined by two participants from the event, Yona Cass from MFT and Nicole Smith from the Police.

The next performers were Donny Janks from Ayeket HaShachar Jewish Community who performed traditional Jewish music while the Choir of students from Al-Faisal College Campbelltown singing the song "Children of the World" completed the program.

VIPs attending the day included Greg Warren, MP State Member; Darcy Lound Campbelltown Deputy Mayor, Anoulavk Chanthivong MP, State Member for Campbelltown Mqcquarie Field, Laurie Ferguson former MP, Masood Chowdhury Councillor, Dr Michael Freelander Federal Member of Macarthur, Brian Laul presenting the local media, West Tigers, NRL, the Multicultural Police and Ernie Friedlander OAM President Moving Forward Together.

In their speeches the local MPs and guest speakers called for a harmonious and peaceful society in Australia and encouraged participants to embrace unity, cohesion and harmony.

Following the speeches and presentations, the two winners (Primary and High Schools) of the Harmony Poster Competitions were called to present their winning posters.

The entertainment was closed with Ernie Friedlander with his incredible holocaust survival story; how at the age of nine his life was saved by a German soldier, He made the point that he a Jewish boy was saved by a German solder. His story touched the audience and everybody stood up and applauded him.

The last activity of the day was the Harmony Walk itself. Two groups were formed and each started walking in opposite directions with the intention to meet at the centre of the stadium. When they met, they did "Hi Fives" while walking, smiling and laughing.

Those who attended the event enjoyed it very much. The walk was a great success in uniting people from diverse background giving them the opportunity to have fun and joy and celebrate the uniqueness of this country. The day was full of beauty, joy, laughter and music.

Everybody felt very welcome and proud of taking part in such wonderful happening. The atmosphere was very cheerful and festive.

The local News Network "Good Morning Macarthur" did a wonderful video which can be seen on: https://goodmorningmacarthur.com/ episode-57/.

Moving Forward Together Our Story

Moving Forward Together is a social initiative by various community groups committed to creating a better understanding amongst all sectors of the community for a vision of living in harmony. It is based on the philosophy of a decent society and caters to all people regardless of colour, origin, culture or religion.

We invite other groups with similar concerns to work together with us. We want to do something about it.

"Moving Forward Together" aims to bring together people from diverse national, ethnic and religious backgrounds helping to build an inclusive society to acknowledge and celebrate the enduring principles of fairness, harmony and respect.

The vision is to work towards reaching most of the communities within Australia and to start addressing the major issues that impair harmony.

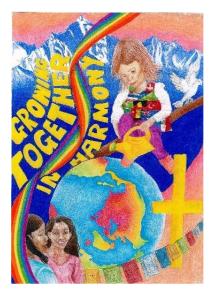

Through a series of community wide programs such as our Harmony Walk Festival and Poster and Song Writing Competitions, we have established a platform for communicating the positive benefits of harmony, humanity, unity and co-operation and minimizing parochialness and thereby creating a safer future for our society.
